

# Easy Ways to make a Big Impact

The Community Cupboard's primary focus has been to provide personal care and household items...items not covered by SNAP (food stamps.) While many of us take these items for granted, shower, laundry, and dish soap, trash bags, shampoo, and tooth paste etc...are often outside of our shoppers' budgets once rent, utilities, and other bills are paid.

Community Cupboard was named to reflect the goal of having it stocked by the community for the community.

**YOU can help us make this goal a reality!**

- \* "Sponsor" a personal care or household item by providing bulk quantities of the item every month. (great for individuals and groups)
- \* Shop for items at a local dollar store.
- \* Utilize grocery store special offers such as "10 for \$10" and "buy 1 get 1" to stock up on a variety of items to donate regularly.
- \* Encourage holiday or party guests to bring donations of an item of your choice.
- \* Take up a collection of an item to donate in honor of that family member/friend who has everything?

## **Don't have time to shop or make a delivery?**

Order in-bulk and have the items shipped directly to ACT in Faith  
212 S. High St., West Chester, PA 19382

To become part of this community effort, contact us to discuss which item you would like to sponsor and delivery details.
